

## UPDATE NO.1 - FRIDAY 8<sup>th</sup> MAY 2015

Dear Friends,

This is the first of what hopefully will be many, many more weekly updates about Public Interests Before Corporate Interests (PIBCI).

Our current Membership stands at 49. Of these 49, 45 are on the electoral roll. Currently our single most important task is to sign up 500 new members within the next three months. The Greens, The Coalition and The Labor Party are currently in negotiations about how best to scuttle the micro parties that are causing them so much concern. It is highly likely that early in 2016 legislation will be passed to increase registered party membership to 2,000. We need to grab this window of opportunity and have PIBCI registered and up and running by the end of 2015.

No one individual can do this by themselves. The struggle to create PIBCI as a political alternative requires that all our members put their minds to the task of how best to rapidly increase membership numbers.

If you have a Facebook page or you're a net wiz kid, please alert as many people as possible about PIBCI. Talk to your friends about PIBCI and what we are hoping to achieve.

The PIBCI website and our Facebook page are both up and running, please use them and alert your family and friends to these sites.

If you have the time and energy to organise a public meeting or picnic, please do so. Give us four weeks' notice so we can organise a guest speaker.

We may be small, but the ideas we are promoting are powerful, very, very powerful. Thank you once again for your encouragement and support.

All the best until next week,

Dr. Joseph Toscano / National Convenor Public Interests Before Corporate Interests
